**Brain · Skin · Circulation  
All in One!**  
The Ultimate All-in-One  
Premium Product

## Honest experiences from those who tried it first

★★★★★ Review by Yoon\*\*

*Great for immunity during pregnancy, especially with the added Zinc. My condition feels much more stable, and the tasty orange chewable makes it easy to take every day.*

★★★★★ Review by Hwang\*\*

*I chose this for the specific D3 and K2 MK7 blend. Since switching, I feel lighter and more energetic. It's a certified health food I finally feel I can settle on.*

★★★★★ Review by Lee\*\*

*This product feels 'properly made' compared to others. The premium combination of D3 and Menaquinone-7 is excellent, and the chewable format is convenient and tastes great.*

### 3 Core Ingredients

Every Key Functional Component, Nothing Left Out

**Phosphatidylserine, Ginkgo Leaf Extract,  
and Vitamin E**

**Simple & Easy — Just 2 Capsules a Day!**

FIRST INNER BEAUTY BRAND

# AIBLAB

**AIBLAB**  
AWAKEN YOUR INNER BEAUTY

My heart sank the moment my parents began repeating themselves. Watching them forget what they had just said — confused and caught off guard — was deeply painful, not just as a pharmacist, but as a son. They had spent their whole lives caring for our family, and somewhere along the way, their own memories began to fade without anyone noticing.

Wanting to protect the everyday lives of the parents I love, I personally formulated a supplement my parents could take every day with complete peace of mind. I focused only on the essential ingredients for brain health and circulation, and placed them into a very small capsule so they could be taken comfortably each day.

Because this product is for my own parents, there was not a single compromise. I will stand by them with the heartfelt dedication of a pharmacist son.
