

01

AIBLAB Lipo-Glutathione Collagen

"Where 3.5th-generation liposomal technology meets 500Da ultra-low molecular collagen: Inner beauty with unparalleled absorption."

01

Standard vs. 3.5th-Gen Liposomal Glutathione

: Features proprietary 3.5th-gen technology with 100x higher absorption and intracellular retention compared to standard glutathione.

02

High-Potency, Ultra-Low Molecular Collagen

: Optimized bioavailability using premium collagen under 500 Daltons.

03

Complete 8-Type Vitamin B Complex

: A vitality powerhouse containing all 8 B-vitamins to effectively catalyze glutathione production.

04

Selenium & Vitamin C Synergy

: Formulated with key synergistic ingredients essential for antioxidant defense and collagen synthesis.

05

Convenient Chewable Format

: Refreshing orange-flavored chewables for water-free consumption (Made with premium Israeli orange concentrate).

06

Sugar-Free & Glycemi Friendly

: Sweetened with Xylitol for a healthy taste, ensuring safe consumption for all without blood sugar concerns.

02

AIBLAB Plant-Based Melatonin: Melajoy

"A synergy of plant-based melatonin and L-theanine: Your premium solution for restorative sleep."

01

Plant-based Melatonin (2.5mg)

: Formulated for restful sleep and a re-freshed morning using safe, botanically derived melatonin

02

L-Theanine for Sleep Quality

: Promotes mental relaxation and eases stress-related tension by stimulating alpha brain waves

03

Magnesium (80mg)

: Works synergistically with GABA to relax muscles and nerves for profound rest

04

GABA (Rice Germ Extract)

: A key neurotransmitter that supports deep sleep by stabilizing the central nervous system

05

Inositol

: Enhances sleep quality by stimulating melatonin production and aids in mood regulation and anxiety relief

06

Full-Spectrum Vitamin B (100% RDA)

: Contains 100% of the daily allowance for all 8 B-vitamins to ensure a morning vitality boost

03

AIBLAB Lipo-Glutathione Collagen Max

"High-End Potency: The convergence of 85% pure Cellg8™ technology and a complete Vitamin B complex"

01

Ultra-Pure Liposomal Glutathione (141.78mg)

: Features high-potency Cellg8™ raw material with a superior 85% purity level

02

Ultra-Low Molecular Collagen

: Maximizes bioavailability by utilizing premium collagen under 500 Daltons

03

Complete Vitamin B Complex

: A vitality powerhouse with all 8 B-vitamins to strongly catalyze glutathione production

04

Antioxidant Synergy

: A strategic blend of Selenium and Vitamin C to support both protection and collagen synthesis

05

Premium Orange Chewable

: A delicious, water-free format crafted with Israeli orange concentrate

06

Great Taste, Zero Worries

: Sugar-Free & Glycemic-Friendly
Uses Xylitol to provide a healthy sweetness that everyone can enjoy safely and deliciously

AIBLAB Chondroitin Mucopolysaccharide-Protein

MFDS-Certified Joint Health Supplement: 4x faster absorption using bovine cartilage compared to shark alternatives

04

01

MFDS & GMP Certified

: A professional-grade functional health food, strictly certified by Korean regulatory standards

02

Bovine Cartilage Mucopolysaccharide

: Highly biocompatible material with 4x higher absorption efficiency than shark cartilage

03

100% RDA Vitamin B

: Multi-functional energy support providing the full daily recommended allowance for overall vitality

04

6-in-1 Synergistic Formula

: Expertly blended with Vitamin D, Manganese, Selenium, and Zinc for bone integrity and antioxidant support

05

4-Free Clean Formula

: Free from unnecessary additives including sugar, GMOs, synthetic fragrances, and artificial colors

06

Meticulously blended supplementary ingredients

: Formulated with 10 strictly selected sub-ingredients, featuring Green-lipped Mussel and Boswellia extracts.

05

AIBLAB Chewable Vitamin D & K2 (Menaquinone-7)

"Certified Bone Health & Immunity: A safe, chewable design formulated even for expectant mothers"

01

MFDS-Certified Health Functional Food (GMP)

: A product certified by the Korean Ministry of Food and Drug Safety to support bone health and immune function.

02

Pregnancy-Safe Design

: Highly biocompatible material with 4x higher absorption efficiency than shark cartilage

03

High-Potency 4000 IU

: Designed to effectively address the widespread Vitamin D deficiency in modern lifestyles

04

From bone density to vascular inner beauty

: A dual-action mechanism where Vitamin D3 facilitates calcium absorption, while K2 (MK-7) directs calcium specifically to the bones.

05

Premium Sourcing (DSM Vitamin D3 + MK-7)

: Featuring DSM's Vitamin D3 and high-stability MK-7 for sustained absorption

06

Zinc formulation (2.5mg)

: Enhanced synergy with the addition of Zinc, an essential mineral for normal cell division and immune function

06

AIBLAB Phosphatidylserine

"MFDS-certified for memory and blood circulation support, designed as ultra-small freeze-dried capsules that are easy even for parents to swallow."

01

MFDS-Certified Health Functional Food (GMP)

: A premium product directly formulated by pharmacists and doctors, with firmly recognized functionality and safety.

02

6-in-1 Functional Formula

: Comprehensive care in one product, from cognitive and memory improvement to blood circulation, skin hydration, UV care, and antioxidant support.

03

Premium Phosphatidylserine

: A high-end ingredient shown to help improve cognitive function after 12 weeks of intake, meeting 100% of the MFDS recommended daily intake of 300 mg.

04

Brain, Circulation & Skin Health

: An all-in-one formula precisely designed to target the body's key needs, supporting both brain and skin health at the same time.

05

Premium UK Marine Calcium

: A carefully selected additional ingredient blended to create optimal synergy with the three main functional ingredients.

06

Small Freeze-Dried Powder Capsules

: Made with a special process that helps protect heat-sensitive ingredients, in very small capsules that are easy for parents to take every day. (2 capsules per day)
